FBIS-1121/87
9 July 1987

MEMORANDUM FOR: Chief, Foreign Networks Division
Office of Communications

FROM:

Communications Officer, FBIS

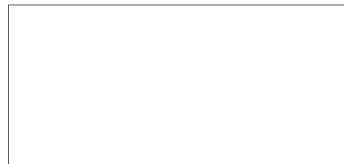

STAT

SUBJECT: Telecommunications Service Requests

1. Attached are two draft TSR changes pertaining to the new FBIS AUTODIN circuits scheduled for activation in Reston 27 July. It was determined during CATEGORY III testing that the continuous mode is operationally superior to the block-by-block method and is preferred by the DCA test official.

2. Due to the short lead time, it is requested that the TSR's be submitted to DCA codes B240 and B613 as soon as possible.

FOR THE DIRECTOR, FBIS:
